1.   N/C   A   A
    Take the ribbon from your hair
                            D
    Shake it loose and let it fall
                           E7
    Layin` soft against my skin
                         A   A↓
    Like the shadows on the wall.

2.   N/C   A   A
    Come and lay down by my side
                  D
    `Til the early morning light
                 E7
    All I`m taking is your time
                      A   A7
    Help me make it through the night.

    CHORUS:
                                   D
       I don`t care who`s right or wrong
                     A
       I don`t try to understand
                     B
       Let the devil take tomorrow
                            E7   E7↓
       Lord, tonight I need a friend.

3.   N/C   A   A
    Yesterday is dead and gone
                  D
    And tomorrow`s out of sight
               E7
    And it`s bad to be alone
                      A   A7
    Help me make it.. through the night.

CHORUS:

                                             D
I don`t care who`s right or wrong
                              A
I don`t try to understand
                                B
Let the devil take tomorrow
