```
     C           Am                           F                    G
1. …I'd like to be… under the sea, In an octopus's garden in the shade.
     C           Am
   He'd let us in… knows where we've been,
           F                        G
   In his octopus's garden in the shade.
   Am                                  F              G↓  ↓    ↓   ↓
   I'd ask my friends to come and see  An octopus's garden with me
```

CHORUS:

```
   C          Am                  F        G           C
   I'd like to be under the sea, In an octopus's garden in the shade.
```

```
2. C                  Am
   We would be warm… below the storm
          F                      G   G
   In our little hideaway beneath the waves.
   C             Am                    F              G
   Resting our head… on the seabed, In an octopus's garden in a cave.
   Am                                F              G↓  ↓   ↓
   We would sing and dance around, Because we know we can't be found.
```

3. C                 Am                   F                     G
   We would shout - and swim about, the coral that lies beneath the waves.
   C             Am               F                           G
   Oh what joy for every girl and boy, knowing they're happy and they're safe.
   Am                             F                G↓↓↓
   We we'd be so happy you and me  No -one there to tell us what to do.
```
